ABOUT US

MTECH Engineering Solutions (MES) Limited is a Nigerian indigenous engineering company incorporated under the Companies and Allied Matters Act (CAMA) of the Federal Republic of Nigeria. The company specializes in systems integration, Extra Low Voltage (ELV) solutions, mechanical and electrical engineering services, and project management.

Since inception, MTECH has built a reputation for delivering innovative, reliable, and cost-effective engineering solutions across commercial, industrial, residential, financial, healthcare, educational, and government sectors. Through strategic partnerships with globally recognized Original Equipment Manufacturers (OEMs), we provide world-class technologies and engineering expertise that consistently exceed client expectations. Driven by a team of highly experienced professionals, MTECH combines technical excellence, innovation, and quality service delivery to provide sustainable engineering solutions throughout Nigeria and across Africa.

Vision

To be the leading indigenous engineering company that best understands and satisfies customers through excellent service delivery.

Mission

To provide engineering solutions that are second to none through continuous research, innovation, and improvement of our work processes, consistently exceeding our clients' expectations.

OUR CORE SERVICES

MTECH provides comprehensive engineering and technology solutions in the following areas:

Extra Low Voltage (ELV) Systems

- CCTV & IP Surveillance Systems
- Access Control Systems
- Intruder Alarm Systems
- Video Door Entry Systems
- Building Management Systems (BMS)
- Home Automation Systems
- Public Address & Background Music Systems
- Fire Detection & Alarm Systems
- Gas Detection Systems
- Structured Cabling (LAN, WAN & Internet Infrastructure)
- Communication & Telephone Systems
- Interlocking Door Systems

Mechanical & Fire Protection Services

- Fire Fighting Systems
- Fire Suppression Systems
- FM-200 Fire Suppression Systems
- Automatic Sprinkler Systems
- Hose Reel Systems
- Hydrant Systems
- Fire Pumps & Valves
- Domestic & Industrial Plumbing Services

PROJECT MANAGEMENT

Our experienced project managers utilize globally recognized project management methodologies to ensure projects are delivered safely, within budget, and on schedule while maintaining the highest quality standards.

WHY CHOOSE MTECH

- Experienced multidisciplinary engineering team
- Indigenous company with international standards
- Strong alliances with leading global manufacturers
- Innovative engineering solutions
- Excellent customer service
- Proven project management methodology
- Reliable procurement and logistics network
- Commitment to quality, safety, and timely delivery
- Customized engineering solutions tailored to client requirements

PROJECT MANAGEMENT EXCELLENCE

MTECH adopts internationally recognized project management methodologies that ensure every project passes through structured stages of planning, execution, monitoring, commissioning, and handover.

Our dedicated Project Management Office (PMO) ensures:

- Effective project planning
- Risk management
- Quality assurance
- Cost control
- Timely project delivery
- Continuous communication with stakeholders
- Customer satisfaction throughout project execution

SUPPLY CHAIN & PROCUREMENT

Our long-standing relationships with global manufacturers and suppliers enable us to procure quality products efficiently and deliver projects without delays.

Our procurement strategy ensures:

- Timely sourcing of equipment
- Global supplier partnerships
- Efficient logistics management
- Competitive pricing
- Just-in-Time (JIT) delivery
- Reliable project support

HEALTH, SAFETY, SECURITY & ENVIRONMENT (HSSE)

Safety is an integral part of MTECH's operations. We are committed to maintaining the highest standards of Health, Safety, Security, and Environmental (HSSE) management by:

- Ensuring safe working environments
- Continuous HSE training
- Hazard identification and risk assessment
- Emergency response planning
- Toolbox meetings
- Fire safety training
- Compliance with regulatory standards and industry best practices.

Our safety culture ensures the protection of employees, clients, contractors, and the environment throughout every project.

SELECTED PROJECTS

Over the years, MTECH has successfully executed engineering and ELV projects for numerous organizations across Nigeria, including:

Ekiti Airport Project

Embassy Pharmaceutical & Chemicals Development, Lekki

Standard Chartered Bank Nigeria

Toyota 3S Retail Facility, Mushin

Zenith Bank Car Park, Victoria Island

University of Nigeria, Enugu Campus (Faculty of Law)

Vurin Group Office

Wemabod Estate, Ikoyi

Venial Business Hub, Lekki

Shell Petroleum Development Company (SPDC), Port Harcourt

Churchgate Building, Abuja

Jumia Nigeria

Chikason Group Office

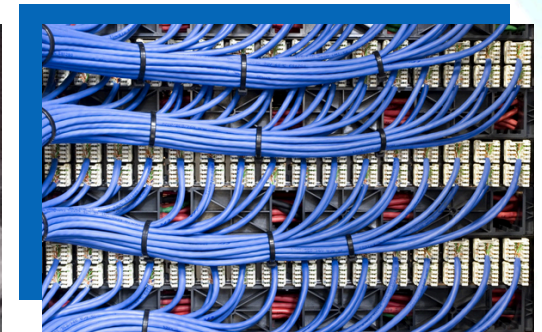

Flourmill Nigeria

These projects include installations of:

- CCTV Systems
- Fire Detection & Alarm Systems
- Access Control
- Public Address Systems
- Structured Cabling
- FM-200 Fire Suppression Systems
- Data Centre Protection
- Network Infrastructure
- Voice & Data Communication Systems
- Time and Attendance System
- Building Management System (BMS)
- UPS and Inverter
- System Audit
- Nurse Call System

OUR COMMITMENT

At MTECH Engineering Solutions Limited, we are committed to delivering innovative engineering solutions that improve safety, efficiency, and operational excellence.

Our success is built on professionalism, integrity, technical competence, customer satisfaction, and continuous improvement.

We remain dedicated to building long-term relationships with our clients through exceptional service delivery and engineering excellence.
